

ABSTRACT**COATING COMPOSITION**

A pigmented solventborne paint pack which can be made into a waterborne coating composition which comprises;

- 5 i) a waterborne pigment dispersion, comprising pigment in dispersion in water in the presence of a pigment dispersant, the waterborne pigment dispersion itself being in dispersion in
- ii) a solution in an organic solvent of polymer having functional groups and hydrophilic groups.

- 10 Also, a solventborne activated paint pack which comprises the solventborne paint pack and a crosslinker which is dissolved in the organic solvent and a waterborne coating composition which comprises a dispersion in an aqueous medium of the solventborne activated paint pack.
